The American Jail Association is making Aflac's insurance policies available to you!

Aflac is different from health insurance; it's insurance to cover the unexpected costs and daily living expenses that don't stop when you have a covered illness or injury. Benefits are paid directly to you (unless assigned), regardless of any other coverage you may have. You can use the cash to help with expenses that major medical does not - like mortgage, groceries, or any living expense you choose. Aflac insurance policies provide a greater safety net for you and your family! [Click here for more information.](#)
