

Council of Past Presidents

Marsha Travis, CJM, CCM, Chair

The duties for the Council of Past Presidents arise from our Bylaws, Article IX. The council will be chaired by the immediate past president, who will serve for a one-year term.

The charge of the Council of Past Presidents is to provide assistance to the other AJA committees, to provide support to the President and Board of Directors, and to monitor issues on the horizon in order that AJA can more appropriately respond.

- Perform a comprehensive review of the Central Office policy and procedure manual to ensure current practice is reflected appropriately.
- Explore areas where Past Presidents can stay involved in organizational functions and operations, and possibly reduce staff out-of-office time while still maintaining our reach into the field.
- Meet bi-monthly via zoom with the President and other committee Chairs.
