

October 21, 2020 | 2:00 - 3:00 PM (EDT)

Virtual Training (Complimentary)

What Stories Do the Numbers Tell? Putting PREA Audits and Local Implementation Efforts into Context

Instructor(s): Scott Catey, Associate Director, National PREA Resource Center, Washington, D.C. and Mika Weinstein, Program Manager, National PREA Resource Center, Washington, D.C.

The first segment of this session will show what has been learned from audit data over the first two cycles, including implementation trends; growth in audit uptake; distribution across facility types and geography; and trends in compliance and corrective action. The second segment will provide an opportunity to discuss how agencies and facilities can effectively collect, maintain, and provide relevant data to auditors.
