

Pretrial Justice Committee

The purpose of the Pretrial Justice Committee is to ensure AJA is at the forefront of the current movement towards the use of pretrial service and the evaluation of risk-based (non-financial) pretrial release.

- Develop a process to educate on best business practices.
- Work with the legislative committee to identify proposed legislation that AJA may consider supporting.
- Develop a list of programs or strategies that can be implemented in facilities of all sizes and those with limited resources.
- Work with staff to publish or otherwise disseminate this information.
- Report your progress at the Fall Board of Directors meeting.
- Meet as needed virtually with the committee members and other committee Chairs.
